**MONTHLY AIR PERMIT APPLICATION WORKSHOP FOR FIRST-TIME APPLICANTS, CONSTITUTION HALL, LANSING, MICHIGAN.** For most first-time applicants, completing the Permit to Install application is a daunting task. Since this workshop is geared to first-time applicants, a significant portion of the session is devoted to your specific application. Air Quality Division permit engineers will be available to discuss your permit application with you one-on-one. To take full advantage of this time with the permit engineer, it is recommended you bring detailed information about your project with you to the session. This training is designed for first-time air permit applicants who need help completing their permit application; however, those who have applied before and need a refresher are welcome to attend as well. Online registration is available on the Web at [www.michigan.gov/deqworkshops](http://www.michigan.gov/deqworkshops), click on "Upcoming DEQ Workshops". Learn how to complete and submit the online Tier Two report at the 2008 SARA Title III Tier Two Workshops, presented by the Michigan Department of Environmental Quality's Environmental Science and Services Division. SARA Title III emergency planning notification requirements and chemical release reporting requirements in Michigan will also be addressed. This half-day workshop is recommended for owners, operators, and environmental and safety personnel of facilities that have hazardous materials (material safety data sheets required by OSHA) on site. Environmental consultants, LEPCs, and fire department personnel can also benefit from this workshop and are encouraged to attend.
